What Do Woodland Burials Offer?

What Sets Woodland Burials Apart?

An Undisturbed Permanent Resting Place

Unlike municipal and other cemeteries where often a short-term lease only is acquired and graves can be subject to re-use, our burial grounds offer a permanent grave that will remain completely undisturbed.

Either Full Or Ashes Interment

We do not just offer full interment - we also inter ashes after cremation.

A Place For Friends And Family To Be At Peace

As the woodland develops it will become an increasingly attractive place for family and friends to visit.

A Beautiful Woodland Without Disruptions

Unlike traditional cemeteries that often fall into decay and disrepair there will be no unsightly broken or dangerous headstones.

A Religious Or Secular Burial

No particular form of service or any interment service is expected, the choice is left entirely to the family and can be formal or informal.

What Do Woodland Burials Offer?

Continued.

Unrestricted Access for Visitors

Our Woodland of Remembrance never close and can be visited whenever family or friends choose.

An Opportunity to be interred where You Choose

There are no By-Laws preventing persons from outside the Parish from being interred at our ground.

No Additional Levies

Some local authorities charge up to three times the normal fee for those who live outside their Parish and others do not allow interment unless you live in the catchment area.

No Shortage of Available Space

There is a national shortage of space in traditional cemeteries with the threat of increased re-usage or even burial "standing up"; we have no such problem.

An Opportunity for Family and Friends to Reserve Adjacent Plots

If reservations are made together , we can ensure that loved ones are buried in adjacent plots.

Reserve at Today's Prices

Reservations made today will peg the price at today's level and will be evidenced by a formal numbered Certificated receipt showing the right of interment.

A Hardwood Plaque inscribed with name and Lifespan

A hardwood plaque will mark the grave and can be replaced when it biodegrades.

A Site Management Scheme Approved By The Wildlife Trust

Woodland of Remembrance is managed in accordance with a scheme of management approved by Wildlife Trust and the local authority to ensure the development for the benefit of Wildlife and Insects.

A Nature Reserve and Habitat for Wildlife

Our management scheme will ensure that Oakfield Woodland of Remembrance will grow into a nature reserve and sanctuary for Wildlife.

General Terms And Conditions.

- 1) Full internments in shrouds or coffins made of cardboard, softwood or other similar readily biodegradable materials only are permitted.
- 2) Floral tributes will be removed after seven days following the date of burial.
- 3) A wooden plaque will be placed on the grave bearing details of the name and lifespan of the deceased, if provided.
